MARK JOSH SABENIANO

AI AUTOMATION/NO-CODE SPECIALIST | PROMPT ENGINEER

Versatile AI Automation & No-Code/Low Code Specialist who turns ideas into working tools fast. I blend hands-on development with AIassisted platforms (Cursor, Lovable, Claude Code, Gemini) to build chatbots, internal AI tools, and end-to-end automations that save time, increase revenue, and streamline operations. Known for bridging the gap between business needs and practical AI —delivering functional, scalable solutions without overengineering

---

EDUCATION

BACHELOR OF SCIENCE IN COMPUTER SCIENCE

Technological University of the Philippines, Manila
2020-2022
GPA: 1.76 (1.0 highest)

IT IN MOBILE APP AND WEB DEVELOPMENT

STI College Munoz-EDSA, Quezon City
2018-2020

EXPERIENCE

AI AUTOMATION & NO-CODE SPECIALIST

Bright Future Talks | Jul 2025 – Feb 2026

- Built a high-performance website with 99.9% uptime, strengthening brand credibility and user engagement.
- Developed internal AI tools (vibe-coded with Cursor, Anrigravity) that automated lead qualification and workflows, saving the team 25+ hours per week.
- Launched an AI-powered Sales Audit system that shortened the sales cycle and improved lead conversion through instant, personalized business assessments.
- Maintained technical documentation and led agile planning to ensure traceability and accountability across the team.

TECHNICAL LEAD & GRAPHICS DESIGNER

Be Limitless Academy | Jun 2024 – Jul 2025

- Drove digital transformation with AI and automation, cutting event/coaching admin time by 60%.
- Built custom dashboards and notification systems for 100+ attendee events, drastically reducing coordination effort.
- Collaborated with coaches and designers to produce presentation decks, creative briefs, and promotional materials.
- Automated scheduling, reminders, and feedback collection, lifting program completion rates and client satisfaction.

MARK JOSH SABENIANO

AUTOMATION SPECIALIST | PROMPT ENGINEER | VIBE CODE

Versatile AI Automation Specialist and vibe coder who turns ideas into working tools fast. I blend hands-on development with AIassisted platforms (Cursor, Lovable, Claude Code, Gemini) to build chatbots, internal AI tools, and end-to-end automations that save time, increase revenue, and streamline operations. Known for bridging the gap between business needs and practical AI —delivering functional, scalable solutions without overengineering

---

EXPERIENCE

JUNIOR DEVELOPER & COMMUNITY MANAGER

AltSwitch | Jan 2023 – Oct 2023

- Optimized the company website, reducing bounce rate by 30% through faster load times and mobile responsiveness.
- Automated Discord moderation and backend processes, freeing 50+ hours per month and supporting 5,000+ members.
- Deployed AI chatbots that boosted engagement and created always-on community support.
